Sisters of Charity as Operating Nurses.

In the December issue of the Woman's Home Companion is the following description of a sister of charity who has become an operating nurse. Her work is typical of what women of various religious orders are doing in Europe: "In the middle of the ward, behind the long row of cots on the right, a low door opens into Sister Gabrielle's office. The clothes-hanger shows the only thought of herself which has place in Sister Gabrielle's mind, a spotless white blouse which she slips hastily over her blue Sister of Charity uniform for the operating room. . . . In the midst of all these things (supplies for the wounded) Sister Gabrielle's young face between the wings of her white headress is like an angelic vision, ready to return again to Heaven. It is in this room that she stops to take her breath at the foot of her crucifix, when the days

are too hard, and there I found her weeping after the death of her brother. But from this room she goes back to her sick more serene than ever, and more tenderly maternal."

Coming and Going.

One Professor McDome of St. Clair in five hours tracked a bear to his lair. Mr. Bear was at home. And Professor McDome spent five minutes returning from there. —Widow.

Woodles—Did you ever know anybody with as much savoir-faire as Mrs. Jones? Toodles—Faith, I never did; and they say her husband made it all in pickles, too.—Lampoon.

"I hear McGinnis is king of his household." "Sure, his wife crowned him with the stove lid."—Widow.

A CURE FOR BRONCHITIS

We Have Been Selling in Barre for Many Years a Remedy We Guarantee

Please read the following letter, and we promise if you buy a bottle of Vinol from us and are the least bit dissatisfied, we will cheerfully return your money. Woodstock, Ill.—"I suffered from bronchitis, had a very bad cough and a pain in my chest, was weak and tired all the time. It seemed almost impossible for me to go on with my work. I tried different remedies without benefit, also cough medicines, but my druggist recommended Vinol, and it gave me almost instant relief. Its continued use cured my bronchitis and built me up so that I feel like a different man." Charles Botts. The reason that cough syrups fail in such cases is because they are palliative only, while Vinol removes the cause, being a constitutional remedy in which are combined the healing elements of fresh cod's livers, together with tonic iron and beef peptone. It strengthens and revitalizes the entire system and assists nature to expel the disease. Our faith in Vinol is shown in the above offer. Red Cross Pharmacy, Floyd G. Russell, Prop., Barre, Vt.—Adv.

BETHEL

Civilian Rifle Club Is Proposed, with No Military Obligation.

Wallace Batchelder and Myron J. Buck are making arrangements for the formation of a civilian rifle club to be affiliated with the National Rifle association. A range will be procured with facilities for shooting at 200, 300 and 500 yards. Krag-Jorgensen rifles and ammunition will be furnished by the government. A club must consist of 10 or more members. Persons interested are requested to write to Mr. Buck at East Bethel. No military obligation is expressed or implied by membership in such a club. The enterprise is excellent from the standpoint of clean sport, entirely apart from its military aspect.

The December term docket of Windsor county court includes the late entry of a bill and petition in chancery, by which the trustees of Royalton academy seek to accomplish the dissolution of the corporation. This town is affected through certain grammar school lands whose rentals have been applied for nearly a century toward the support of Royalton academy. For the last few years, chiefly owing to lack of students, the academy has been practically extinct and at the last session of the legislature the trustees caused a bill to be introduced in the House relinquishing the grammar school land revenues, but the judiciary committee reported the bill adversely.

The Shriners who attended the annual meeting of Mt. Sinai temple at Montpelier last Friday were Austin Harvey, Dr. R. M. Chase and Dr. O. V. Greene. Dr. Greene was elected one of four delegates to the national convention, to be held in Buffalo, N. Y., next June.

Last Friday night the Randolph high school sophomore basketball team came to town and was defeated in a close game, 20 to 18. On the same evening the high school team went to South Royalton and won, 23 to 14. King played the best game for Bethel, making 10 points from the floor. The team was commended by onlookers as playing together better and employing less rough football tactics than in the game at Randolph recently.

The Dartmouth Federals play the town basketball team in Bethel next Wednesday evening. The teachers' team will play the high school girls the same evening.

The Rebekahs had a successful military whist party at the Odd Fellows hall on Friday afternoon, when there were sixteen tables of players who enjoyed the time very much. The success of the affair was due in a large measure to Mrs. A. Lee Cady and Mrs. Charles Batchelder, who came from Bethel to assist in the decoration and the game.

Miss Hazel Root of Stratford recently underwent an operation at the sanatorium for the removal of goitre, and seems to be doing well.

L. G. Kent has purchased of F. R. Jenney of Bethel his restaurant there and is now in possession of the same, which he will conduct for the present, although he does not intend to move his family there now. Mr. Jenney sells on account of ill health, after building up a good business.

AS WE GROW OLDER

our minds are quite as active as in former years but our strength does not respond when we need it most; perhaps the kidneys are weak, the liver torpid, rheumatic pains or stiffened joints beset us, and we cannot easily throw off the colds that winter brings.

What we need is the rich cod liver oil in Scott's Emulsion to renew the blood and carry strength to every organ of the body, while its glycerine soothes the respiratory tract, and its hypophosphites strengthen the excitable nerves.

Scott's Emulsion is a scientific food, of unusual benefit to those past fifty years—particularly during the colder seasons, it imparts warmth and creates strength. One bottle will prove its worth. No alcohol or harmful drugs. Scott & Bowne, Bloomfield, N. J. 15-36

MYSTERIOUS FIRE PUT OUT

Steamer Tynninghame Back in Port at New York

SECOND BLAZE ON SAME VESSEL

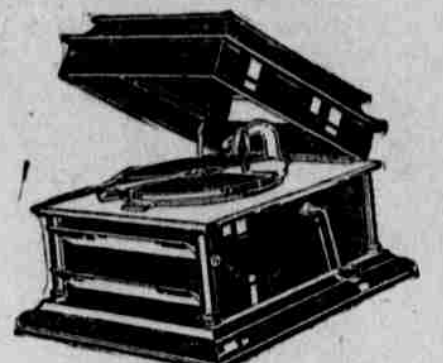

British Steamer Loses Twenty Thousand Bags of Sugar

New York, Dec. 13.—Fire which caused the British steamer Tynninghame to put back soon after having sailed from New York with a large cargo of sugar consigned to the British government, was extinguished late Saturday by a fireboat. Representatives of Bowring & Co., the vessel's agents, said that 20,000 bags of sugar in No. 4 hold have been destroyed, but they made no estimate of the financial loss.

Members of the bomb squad of the New York police department boarded and searched the Tynninghame after she anchored off the statue of Liberty. The result of the search was not made known, and the steamer's agents declined to express an opinion as to the origin of the fire. On Dec. 5, while the freighter was being loaded with her present cargo at Erie basin, a fire was discovered in the same hold that was burned last week. At that time the cause of the fire was given as unknown, but fragments were found of a bottle which it was believed might have contained a chemical which caused an explosion.

The fireboat remained alongside of the Tynninghame for a number of hours as a precautionary measure. The freighter remained at anchor until today, when she was docked, the burned hold cleaned out and an effort made to repair the damage without unloading the cargo, which originally consisted of 119,588 bags and 1,574 barrels of sugar. The Tynninghame is the latest of a number of sugar vessels sailing from New York on which fires of mysterious origin have been discovered.
